Robert G. Gilbertson
Senior Vice President

Professor Joshua Lederberg
President
Rockefeller University
1230 York Avenue at 66
New York, New York

Dear Professor Lederberg:

Belated congratulations on another outstanding achievement in a truly remarkable career. Given the leadership talents and warm personality that you demonstrated while we were members of the Stanford Campus Computational Facilities Committee, I am sorry to learn of Stanford's loss...but I am sure Rockefeller University is very pleased.

Hopefully your computer facilities and policies will be better administered than Stanford's. If not I spent the last 5 years at Harvard educating executives and MBA's on Information Systems Management and would be willing to assist you in any way I can.

Good luck in your new responsibilities. .

Sincerely,

Robert G. Gilbertson ↓
